I have set 'koi8-r' everywhere in file properties, package organizer and setup for environment. Still can't type cyrillic.

Output of 'locale' is the following:  
LANG=ru\_RU.KOI8-R  
LC\_CTYPE="ru\_RU.KOI8-R"  
LC\_COLLATE="ru\_RU.KOI8-R"  
LC\_TIME="ru\_RU.KOI8-R"  
LC\_NUMERIC="ru\_RU.KOI8-R"  
LC\_MONETARY="ru\_RU.KOI8-R"  
LC\_MESSAGES="ru\_RU.KOI8-R"  
LC\_ALL=

One more thing. ide falls to core when I try to set encoding in package organizer to two or more packages simultanuosly without pressing OK button.
