koldo wrote on Fri, 16 April 2010 18:53Hello all

When using a read-only EditString field right button menu "Copy" works, however Ctrl-C does not work.

Test case:

```
include <CtrlLib/CtrlLib.h>
```

```
using namespace Upp;
```

```
GUI_APP_MAIN
```

```
{  
    TopWindow app;  
    app.SetRect(0, 0, 200, 20);  
    EditString text;  
    text <<= "Try to copy this with Ctrl-C";  
    text.SetReadOnly();  
    app.Add(text.SizePos());  
    app.Run();  
}
```

In this example you will not copy the field with Ctrl-C, only with right button menu and choosing "Copy".

Thank you, fixed, will commit in the evening.

Mirek
