Hello Sergey and all!

Thank you Servey for answer!  
With Alt+F7 a lot more fun!

in TheIDE window caption - ... .lay UTF-8 CRLF] {MyApps}

It was so:

19))

Becomes so:

```
ITEM(Label, laPassword, SetLabel(t_("ÐŸÐ°Ñ€Ð¾Ð»ÑŒ"))).HCenterPosZ(44,  
146).TopPosZ(56, 19))
```

Where set encoding in source file utf-8 I dont know.

With best regards Navadvipa Chandra das.
