The trouble here is that no window is opened at the "GoBegin" time.

This again works:

```
#include <CtrlLib/CtrlLib.h>
```

```
GUI_APP_MAIN
```

```
{  
    ArrayCtrl a;  
    a.AddColumn("1");  
    a.AddColumn("2").Ctrls<EditDate>();
```

```
    for(int i = 0; i < 300; i++)  
        a.Add(i, GetSysDate() + i);
```

```
    TopWindow win;  
    win.Sizeable();  
    win.Add(a.SizePos());  
    win.Open();  
    a.GoBegin();  
    win.Run();  
}
```

Anyway, I will try to fix it to work even in the "unopened" mode.

Mirek
