Hi Nico!

In TopWindow::SyncCaption() please add:

```
if (state == MAXIMIZED) {  
    wina[n++] = XAtom("_NET_WM_STATE_MAXIMIZED_HORZ");  
    wina[n++] = XAtom("_NET_WM_STATE_MAXIMIZED_VERT");  
}
```

above or below this line:

```
if(topmost)  
    wina[n++] = XAtom("_NET_WM_STATE_ABOVE");
```

and report if that works.

That would be my guess.

Guido
