I had a similar, if not the same, problem on Linux. I got a lot further with it... I'll post a solution ASAP.

Sorry I dissapeared for awhile -- minor case of what looks like heavy-metal poisoning on a job site... I'll take a quick look at RC2 tonight and will post fixes if they are quick, otherwise I will followup on the Gentoo ebuilds and the Linux makefile updates when I get back home late next week.

Thaks for all the great work guys!
