
Subject: Is it just me but TopWindow.Resizable() seems not being respected.

For example, examples/Color, has

```
App()
{
    SetRect(0, 0, 150, 150);
    Sizeable().Zoomable();
    BackPaint();
    SetTimeCallback(-1000, callback(this, &App::Timer));
    Title("Clock");
}
```

But it's no longer resizable.
