Well, single forum would make me happy as well (now I am little again uncertain where to put my messages, but I guess "Technology lab" fits it), anyway, being it this way, should not

U++ Documentation: Roadmap

be in the group too?

Well, what I needed was a way how to communicate development efforts / plan / discussions (so that I am not e.g. suspected of not wanting to provide fulltext search for Topic++ browser .

I believe that the documentation is part of development.
